My Dear Maneck,

This is inreference to the interior architectural and design work carried out by you in our new Office Premises.

We wish to convey our appreciation for the way in which you have transformed this bare and drab interior space into an aesthetically designed office with a cheerful yet soothing ambience. The choice of décor shows care and meticulousness. The well thought out maximization of space strikes the right balance between functionality and uniqueness of design.

We have found that you have completed the project in a timely manner, with a personal involvement at all levels that has helped convert our vision into a reality.

We are sure that you would carry out any future assignment with innovativeness and a keen commitment to the project at hand.

We wish you the very best in your future endeavours !

Yours truly,
