

TO WHOM IT MAY CONCERN

This is to confirm that St. Peter's School had engaged Mr. Maneck Gilder, Architect and Interior Designer, for the renovation and refurbishing of the auditorium of the school known as Cowley Hall. We have been associated with him for the last about 18 months. The Cowley Hall was constructed some time in 1976 and to renovate and refurbish an old Hall to the State of an Artistic auditorium was a challenging assignment which was undertaken by Mr. Maneck Gilder using his technical skills and deep understanding of the issues that required attention. He had skillfully presented several options for the management before the final choice was made.

Several agencies connected with renovation were employed after the due process in obtaining tenders which were assessed objectively and without bias. Mr. Gilder has worked with the highest level of honesty, integrity professionalism and competency in this assignment.

Mr. Gilder worked tirelessly and has done an incredible job. He has painstakingly looked into every detail and has completed the work as per our expectations. It was indeed a pleasure working with him. We have absolutely no reservation in recommending Mr. Maneck Gilder highly to anyone who requires his service.
