New wash rooms at the Consulate General of Switzerland

Dear Mr. Gilder

With this letter I would like to sincerely thank you for your help in designing and realizing the project of getting new wash rooms for ladies and gents at our premises. Although the space of the washrooms was rather small, you managed to visually enlarge the rooms be it by putting lights and mirrors at the appropriate places or by breaking through a wall thus letting in the natural light. The bright and welcoming aspect of these new facilities is appreciated by the entire staff of the Consulate as well as by our guests.

You were of extreme help to me during our regular site meetings where we could clear many small details or discuss further steps. I was impressed by your detailed written reports about these meetings. They ensured that there was a strict agenda for the contractors to be followed and no misunderstandings were thus possible.

The work could be executed without causing any major inconvenience to our staff in a very busy season of the Consulate (January till Mid May). Thanks to the wooden partition wall, we managed to be protected from noise and dust, at the same time maintaining the necessary security measures.

You showed reliability and sincerity in every aspect of your work. Indeed, it was a real pleasure working with you.

I wish you all the best for your future endeavours. Please let me know if any other Consulate or company needs my recommendation. I would be more than happy to talk about my experiences with you as an architect.

Yours sincerely,

The Consul General of Switzerland
b.o.

Anita Rosenthal
Consul
